PRODUCT DETAILS
CABLE RACEWAY

CABLE RACEWAY is a cable management system that incorporates multiple channels for separation of power and data.

Built to withstand the demanding requirements of modern offices and locations with heavy traffic; its top loaded design brings an end to awkward cable runs. We recommend that the CABLE RACEWAY should be fixed to the floor for a better quality installation.

CABLE RACEWAY uses interlocking modular components to help keep cables tidy, protected and free from damage.
Features

- Low profile ramped edging for heavy traffic areas
- Corner and Stop-End elements readily available
- Top loading design eliminates awkward cable installations

Benefits

- Easily secures with overlapping connections
- Add cable channels as and when you need them
- Mitigates health and safety issues
- Flexible modular design offering a one-stop solution

TOP-TEC
