

## PRODUCT DETAILS

# CVC STAND

Positioned a short distance from the end of a meeting table and typically configured for wireless display broadcasting, the CVC STAND is perfect for touch screen applications. The video conferencing solution is ideal for narrow rooms where two screens are required.

The unit is mounted on castors concealed under the base which allow easy positioning and relocation. Available with our universal screen mount for up to 400x400 VESA.

An internal 5U top loaded rack mounted on drawer slides inside the unit, allowing you to integrate your AV equipment with easy access for engineers.

**Designed Around Users**  
Improves the user experience when collaborating remotely via video conferencing

**Integrated 5U Rack**  
Allows you to integrate a range of AV and IT equipment

**Easy Maneuverability**  
Concealed castors allow easy re-positioning and relocation

**Configured to Your Needs**  
For wireless display broadcasting, ideal in touch screen applications
