

PRODUCT DETAILS

ICT DESK

A customisable desk designed specially for ICT use. Features a strong steel sub-frame necessary for supporting a range of computer equipment, whilst integrated cable management keeps the worktop clear from clutter.

Style, size and security level can be configured during purchase. Produces a continuous working surface when bolted together.

Features

- Available in a variety of shapes and sizes
- Bolted together to produce continuous worksurface
- Optional made-to-measure PC cage

Built to last

All our desks are manufactured from steel at our factory in Birmingham with a strong and robust design.

Perfect computer workstations

Customisable desk designed specifically for ICT use.
