Slide out plate for
AV/IT equipment

PRODUCT DETAILS
JUPITER SHUTTLE

Our JUPITER SHUTTLE screen mounts feature a slide out plate facilitating seamless AV/IT integration. This 'all-in-one' solution features complete cable management, leaving no trailing cables with everything housed neatly behind the screen.

These innovative screen mounts transform older screens into simple and cost-effective digital signage solutions that are able to perform a plethora of tasks outside of the range of normal screens.

Each unit features two mounting arms that are fixed to the back of the screen and slotted into the main mounting bracket, which fastens to the wall.

Features

- Removable plate for AV/IT equipment.
- Plate can be accessed/removed from both sides.
- Choice of 0° / 5° / 10° downwards tilt.
- Adjustable arms accommodate the majority of mounting hole positions.

Facilitates seamless AV/IT integration
Removable plate for AV/IT integration
(PCs / wireless connectivity devices / network receivers / digital media players).
