

## Control Panel Housing

\*double aperture pictured

Single Aperture	RCPH-SINGLE-APERTURE
Double Aperture	RCPH-DOUBLE-APERTURE
Multiple Aperture (x3 or more)	RCPH-MULTIPLE-APERTURE

Introducing our alternative streamlined control panel housing (CPH). This new CPH design is simple to manufacture and is removable for easy access for cables and maintenance.

A paper template is used to fix mounting plates to the worktop to your specification. The CPH is mounted onto hook forms and held in place with one retaining screw to stop it from sliding off. You simply slide the CPH off the hook forms to remove and slide back on to replace.

## Features

- Slimline design with 1.5mm thick steel
- Hank bushes to fit single or double gang and control panels
- Fixed mounting plate on to the worktop
- Mounted on to hook forms on plate
- Choice of standard paint finishes

## Benefits

- Easily removable and replaced on to the worktop
- Removable CPH allows for easy access and maintenance

## Additional Cost

- Additional security with a push button lock
- Available with suited or non-suited keys
- Additional mains socket

## Standard Paint Finishes

### Make it your own!

We offer a range of non-standard colours and finishes. Many custom colours can be supplied at standard pricing but may incur an additional cost.
