

Screen turns 90° into a flat surface

Electrically height adjustable

PRODUCT DETAILS

SWITCH 90

SWITCH 90 takes interactive screens to the next level as they electronically move through 90° to become a touch screen table. Each unit is electrically height adjustable to suit all user height preferences.

The mobile trolley also features secure storage space beneath the screen and can be configured to your requirements with customisable connectivity inputs and a range of colour options.

Features

- Storage space beneath the screen for PC
- Steel construction and drill-resistant locks
- Up to 800x500 VESA / 90kg screens
- Suitable for 55"-75" screens (other sizes may be available for special order)
- Wide range of standard paint finishes

Ideal for flexible learning

Can be utilised as digital signage, wayfinder point, traditional screen trolley or as a touch screen table.

Easy screen deployment

High quality castors enable easy room-to-room transportation. Able to fit through a standard doorway.

Facilitates seamless AV/IT integration

Complete internal cable management creates an 'all-in-one' solution.
