

Create different learning environments...

PRODUCT DETAILS TILTING TABLES

Our range of TILTING TABLES are ideal for flexible and agile learning spaces, allowing the user to create learning environments fit for whatever their requirements are on the day (i.e. traditional classroom environment / collaborative group workspaces / empty space).

Each unit incorporates an easy to use release mechanism, with integrated adjustable dampening, resulting in a perfectly balanced worktop to minimise premature opening & closing.

TILTING TABLES provide a robust, reliable & affordable solution for reconfigurable furniture within all workplace environments.

Please note: Trapezium worktop shapes shown above. Rectangular and semi-circle worktops can also be positioned for different learning space configurations.

Features

- Choice of rectangle, trapezium and semi-circle worktop shapes
- User-friendly release mechanism
- Smooth controlled 'tilting action'
- 3 foot options available (see next page)

Maximise your space!
Allows the user to create learning environments fit to their specific working requirements.

Easy manoeuvrability
Lightweight design with smooth castors for easy manoeuvrability.
