

PRODUCT DETAILS

WAYFINDER

Our WAYFINDER enables screens to be securely placed in any open plan area, allowing information to be displayed to students or employees or for the deployment of touch screens for map and way-finding purposes.

The free standing units are ideal for areas accessible to the general public and large groups of people such as reception spaces and library areas.

Available in single and dual screen configurations, the kiosks are customisable to your requirements featuring a range of standard colour finishes and vinyl corporate branding.
