The important bits

How long is my warranty and what am I covered for?

We will always attempt to find a resolution to any issue which will minimise any disruption.

Can I extend my warranty?

We offer an option to extend the standard mechanical warranty to **10-years**, please contact us to discuss further.

How do I order spare parts?

Spare parts can be ordered via email or over the phone, please contact us to discuss further.

Are any batteries covered as part of my warranty?

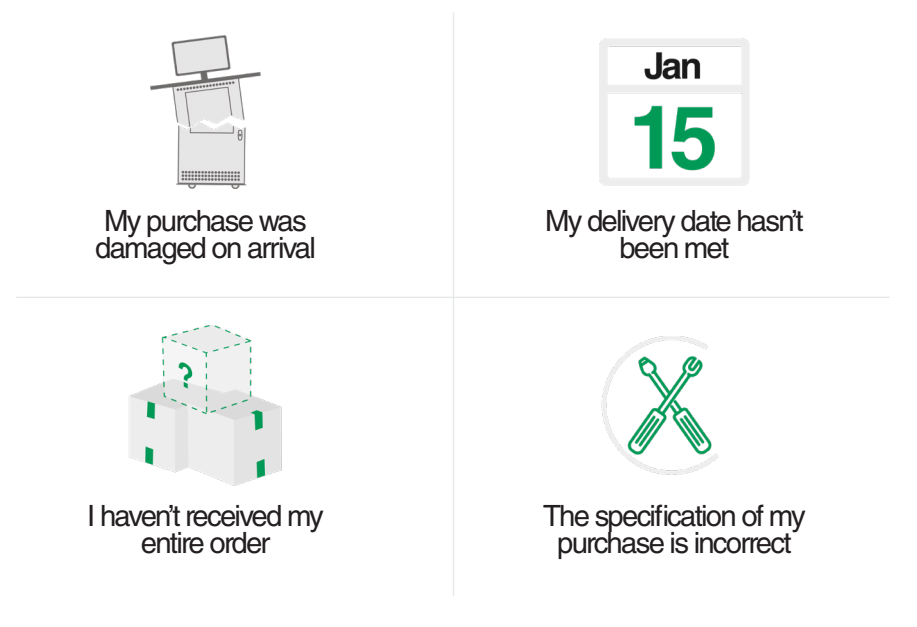

Batteries are classed as consumable items, and are covered under our guarantee for a fixed period of 24 months.

Batteries naturally wear through repeated charge and discharge cycles, however we use a high quality product to give the best possible performance.

The ability of all rechargeable batteries to hold their charge decreases with time and therefore a battery is considered to be faulty where it fails to power the machine following a full charging cycle.

What happens if...

In the event of any of the following scenarios, please contact us immediately and we will try our best to resolve the issue.

Still need help?

We are committed to providing the best service we can, but sometimes things don't go as planned. Don't worry though, we are still here for you. If you still need help:

- Reach out to our Customer Support Team**
Let us know that the problem is still ongoing.
- Contact our Sales Director**
If you are still having difficulties, please contact Simon Ferguson.
