

**TOP-TEC
ESPORTS**

GAMING
WORKSTATIONS

A large esports event with a stage, audience, and confetti. The scene is filled with bright green and white lights, and a large crowd of people is visible in the foreground, many holding up their phones to capture the moment. The stage features a large screen displaying a game, and the overall atmosphere is one of excitement and celebration.

Worldwide the **ESPORTS** industry is expected to reach **£5 billion** by 2030

Experts in AV and IT Integrated Furniture Solutions

Why choose us?

We know education

We have provided excellent customer service for over 65 years and have built a reputation for going above and beyond for our customers.

Tailored to your requirements

Our solutions are specifically designed for you to provide suitable space for each user depending on the equipment used.

UK designer & manufacturer

Equipped with in-house designers and engineers, we are able to offer an exceptional level of customisation to our products.

Runshaw College

ESPORTS SOLUTIONS

Think forward & fully immerse your students in Esports

More than half of 13 to 18-year-olds (55%) in the UK believe gaming is a viable career path and want schools to add it to the curriculum.

Give students the best experience possible by creating an exciting and professional environment to immerse them into the professional gaming culture.

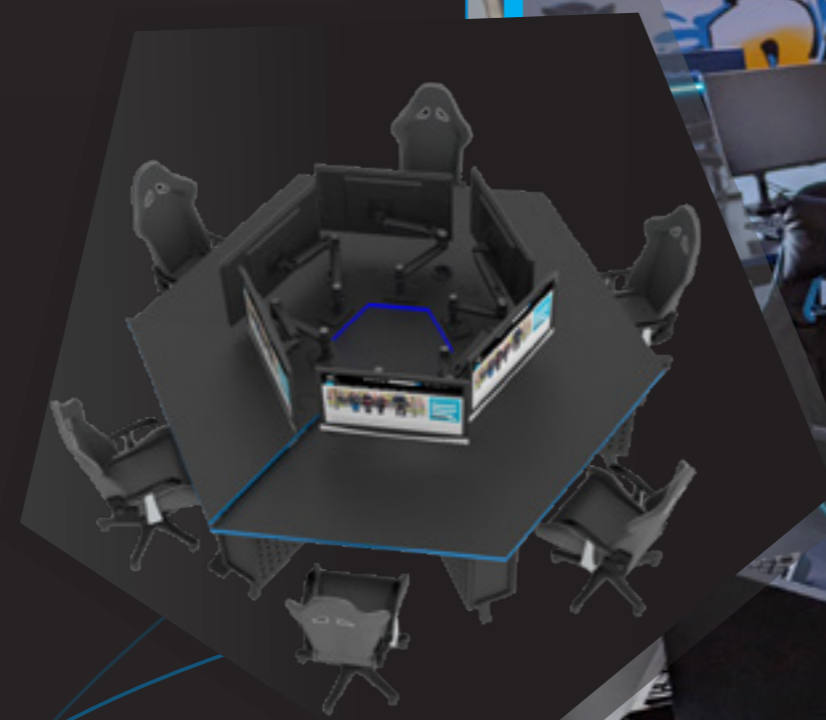

Runshaw College

ESPORTS SOLUTIONS

Enhance your students experience with Esports

Improved facilities will appeal to the current generation and engage a broader demographic of students, helping you stand out from the crowd.

Esports spaces can also provide a base for after school clubs and societies which help promote teamwork, social skills and communication between students.

NEBULA WORKSTATIONS

NEBULA ESPORTS BOOTH

ABOUT

Designed specifically for Esports spaces our NEBULA ESPORTS BOOTH is our best in class gaming workstation and comes packed with premium features including custom illuminated branding, RGB lighting, worktop integrated USB 3.0 ports and fully integrated cable management.

Our NEBULA ESPORTS BOOTH feature privacy dividers with raised PC shelves that not only create a barrier to screen sniping and other distractions but further engages your students in a professional gaming atmosphere.

Once paired with the included secure PC clamping bracket designed to fit your specific equipment you'll be more than ready to show off your hardware and lighting setup. Our modular NEBULA range allows you to combine multiple sections to create your perfect layout.

INCLUDED

- » Choice of standard paint & worktop finishes
- » Privacy divider with raised PC shelf
- » Integrated RGB LED lighting with remote control
- » Illuminated custom branding (printed branding available on request)
- » Secure PC clamping bracket for a rectangular windowed case
- » Shark nose worktop edge
- » 2x USB3.0 ports at worktop level
- » Headphone hook(s)
- » Sliding worktop with fully integrated cable management

ADDITIONAL COST OPTIONS

- » Non-standard paint & worktop finishes
- » Range of monitor arm options
- » Worktop power & connectivity modules
- » Secure PC clamping bracket for non-rectangular cases
- » Upgrade to programmable LED lighting with wireless configuration app
- » Peripheral security options

NEBULA ESPORTS STATION

ABOUT

Step up your game with the NEBULA ESPORTS STATION, a bench style workstation specifically designed for ESPORTS environments.

Combine multiple modular sections to create your perfect setup with included specialist features - custom illuminated branding, RGB lighting, worktop integrated USB 3.0 ports, cable management and illuminated branding. Easily install and maintain gaming equipment and ensure your teams engagement is at the forefront of your space.

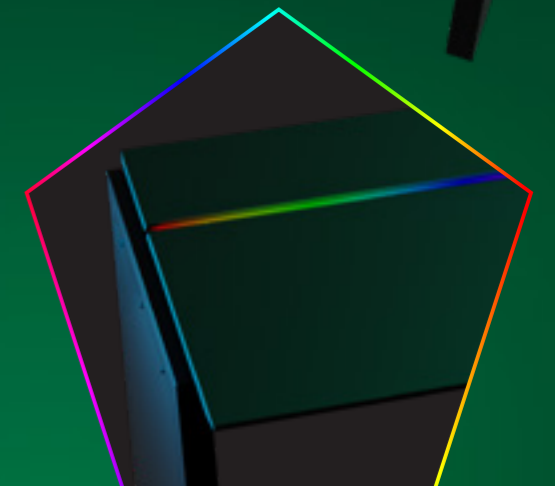

With NEBULA you can give your team the very best experience and fully immerse students in an ESPORTS environment that inspires, motivates & drives ambition.

INCLUDED

- » Choice of standard paint & worktop finishes
- » Integrated RGB LED lighting with remote control
- » Illuminated custom branding (printed branding available on request)
- » Shark nose worktop edge
- » 2x USB3.0 ports at worktop level

- » Upgrade to programmable LED lighting with wireless configuration app
- » Peripheral security options

NEBULA WORKSTATIONS

Configured to your requirements...

RGB Lighting

Custom lighting gives our NEBULA STATION & BOOTH a professional gaming aesthetic

» Standard RGB Lighting

Can display one colour at a time with basic effects such as pulsing or colour cycling.

» Programmable RGB Lighting

Programmable RGB lighting can display multiple colours in patterns such as rainbow & chasing lights etc. and synchronise with other compatible sources.

What colour would you like?

TOP-TEC offer a wide range of colours & finishes and will work closely with you to achieve your desired look!

Workstation Mounting

Opt for our NEBULA ESPORTS BOOTH which enables you to mount your PCs above the workspace (Custom PC Bracket included)

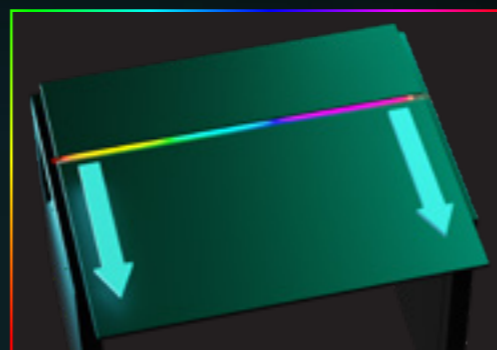

Custom PC Clamping Bracket

Ensure your valuable PC equipment stays secure while keeping your gear and RGB lighting at the forefront of your gaming setup

Cable Management

A cable slot that runs parallel with the back edge of the entire worktop and additional cable wells allow you to tidily feed your peripheral cables for the perfect setup

– The front section of the worktop pulls forwards enough to feed excess cables down into the workstation frame during setup, this is then secured in the closed position before use. When closed there is a 10mm wide gap maintained between the two sections of worktop for the cables to sit in.

A Range of Accessories

An extensive range of accessories including:

- » Peripheral Security
- » Worktop Power Modules
- » Connectivity Modules

Accommodate a Range of Displays

Optional monitor mounts support screens with either 75mm or 100mm VESA mounting holes
